

# YOUR SUCCESS

Grab some colored pens, pencils, markers, crayons, etc and write down all of the words you'd use to describe what you want your world to look like by the end of the year.

A year from now:

- What will your life look like, live like, and feel like?
- What smells, sounds, tastes, sights will be in your world?
- Who will the people be and what will they be like?
- What will your mood be and how will you feel?
- What will you be doing with your time?

  
Cut this out when  
you're done and hang it  
somewhere you'll  
see it often!
