

# SUCCESS CIRCLE

Use this **Success Circle** to create a personal word (or image) cloud that shows what success looks like to YOU. Grab some colored pens, pencils, markers, crayons, etc., and write down all of the words you'd use to describe what you want your world to look like this next year.

You can use these questions to get you started:

- What will your life look like, live like, and feel like?
- What smells, sounds, tastes, sights will be in your world?
- Who will the people be and what will they be doing?
- What will your mood be and how will you feel?
- What will you be doing with your time?

 Cut this out and hang it  
somewhere you'll  
see it often!
